Life Education

5th-12th March 2014

Dear Parents

As part of our drug and health education programs, this term we are having the Life Education mobile classroom visit to our school. Life Education has been visiting Dingley Primary School for many years and is an important program that helps to facilitate the development of the life skills in students to prevent and minimise the harm of drug misuse.

Lessons are always age appropriate and the children will be covering a wide range of drug and health related topics, ranging from the human body and how it works, healthy eating and nutrition, medicines and drugs, bullying, resilience and social skills. Healthy Harold, the much loved Life Education giraffe mascot, is always a much anticipated element of the Life Education visit. The sessions are always fun, interactive and really extend and develop the children’s understanding of the topics covered. We will be further broadening these topics in class both prior to and after the Life Education visit with the student workbook which is included in the cost of the visit.

The cost for this incursion is $9.00 per child.

Please fill out the attached permission slip and payment and return both to school by: Friday 21st February

Danielle Peacock
