Kingston’s Before and After School Program

Our Before and After School Program is facilitated in partnership with the City of Kingston and runs each day of the school year throughout the school term (excluding public holidays) in a supervised, relaxed and fun environment. The program provides positive social opportunities and caters for children of parents who work, study or have other commitments.

The children’s play and leisure program is developed in consultation between Educators, children and families to provide a welcoming and inclusive learning environment. Our activities support each child’s literacy, social and emotional wellbeing, cognitive and physical skills. The program includes a combination of planned and spontaneous indoor and outdoor opportunities to meet children’s individual needs and interests.

During their time at the Before and After School Program, children are offered a nutritious breakfast and a light snack in the afternoon.
